YAGO LUIZ HILLESHEIM

Project Manager | Technology | SaaS and ERP Implementation

Chapecó, SC, Brazil | yagohillesheim@gmail.com | +55 (49) 99980-9524 | linkedin.com/in/yagohillesheim | yago-amber.vercel.app

PROFESSIONAL SUMMARY

Project Manager with experience in technology, SaaS, ERP, project management, systems implementation, Customer Success and technical support, working as the link between business needs, customers and technical teams. Experienced in managing complex implementations, backlogs, schedules, processes and multidisciplinary teams using agile methodologies such as Scrum and Kanban. Strong analytical skills, with SQL, Power BI and advanced Excel applied to data analysis, process optimization and decision support.

Track record of reducing bottlenecks, improving SLAs, optimizing processes, raising customer satisfaction and speeding up delivery, including a **92% reduction** in the time to structure training schedules, a **40% reduction** in report processing time and a **20% increase** in CSAT. Focused on delivery predictability, customer success, operational efficiency and business value.
